### Race and Ethnicity Questionnaire

Every school district in Massachusetts is required to report to the Massachusetts Department of Education each year student data by race and ethnicity categories that are set by the federal government. The Department of Education does not report individual student data to the federal government, but does report the total number of students in various categories in each school. These reports help us keep track of changes in student enrollments and ensure that all students receive the educational programs and services to which they are entitled.

For more information about the student data reporting categories, please see:
