

Whittier Tech iPad Insurance Program

Out of the box, student iPad's are covered for THREE years under AppleCare+ for accidental damage. This coverage only covers 2 repair incidents, with a student/family deductible of \$50 per incident.

AppleCare+ does NOT cover loss/theft or more than two (2) repair incidents within this three (3) year period.

The built in AppleCare+ does not offer any coverage for the 4th year.

In response to parent's wishes to have a option to cover all 4 years of use, as well as theft, lost, or more than 2 repairs, **Whittier Tech is offering a voluntary additional insurance program*** to specifically cover loss/theft, repairs beyond 2 incidents, and repairs after the 3rd year for a one time fee of \$50.

Please consider the following scenario to better understand how and when this additional coverage would be used:

Without the optional insurance:

- Eligible for 2 repairs within the first 3 years, at \$50 per repair.
- Loss of the iPad, more than 2 repairs in 3 years, or repairs in the 4th year - full repair/ replacement cost, up to \$379 for a new iPad.

With the optional insurance (one time, \$50):

- Repair or replacement of iPad, \$50 per incident, covered until graduation/withdrawal.

This optional insurance **must be purchased before Nov 15** in order to be covered for the students full career here at Whittier Tech.

** This program does NOT cover loss or theft of cables or chargers, nor does it cover willful or negligent destruction of the iPad. The iPad must remain in it's assigned case in order for the coverage to be applied.*

Student Name: _____ ID Number: _____

Parent/Guardian Name: _____

Yes, I would like to join the voluntary additional insurance program for the iPad that has been assigned to my student. Attached is a check for \$50, payable to Whittier Tech iPad Insurance Program.

Signature: _____ Date: _____ Check # _____
